

# TALBOTT at Dunwoody

## *A Place of New Beginnings*

Located in a convenient and private setting, TALBOTT at Dunwoody Day Treatment Program offers a comprehensive range of services through a 30-day (5 days per week/6 hours per day) treatment program. The TALBOTT at Dunwoody Day Treatment Program provides 12-Step based treatment to those 18 and older, addressing both substance abuse disorders and dual diagnosis. Our treatment philosophy and practices are based on more than 35 years of highly successful and effective treatment experience of founder, Douglas Talbott, M.D. and the programs developed in our traditional 90-day program at the Talbott Recovery Campus in Atlanta.
